MUNA ISMAIL ABUKAR

BUSINESS ADMINISTRATION GRADUATE

PROFESSIONAL SUMMARY

Business Administration graduate with a strong interest in management, strategic planning, organizational development, and business operations. Equipped with practical knowledge and skills in business management, leadership, human resource management, and data-informed decision-making. Experienced in academic research, entrepreneurship, and collaborative projects, with proficiency in analytical tools including SPSS, SmartPLS, Power BI, and Excel. Passionate about contributing to organizational growth, improving business performance, and developing as a future management professional.

PROJECTS & RESEARCH EXPERIENCE

Undergraduate Thesis — Digital Transformation in Mogadishu's Telecom Sector

SIMAD University

- Designed and conducted a quantitative study on digital transformation in the telecommunications sector, applying PLS-SEM in SmartPLS 4 and SPSS for descriptive statistics.

Data Analysis Project — Social Media Usage and Academic Habits

SIMAD Innovation Lab | Defended 2025

- Analysed a 200-record dataset from Kaggle across 21 variables in SPSS to identify links between social media use and study habits.
- Delivered a full written report, presented the findings, and defended them before an academic panel.
